WIRELESS MANUAL CALL POINT

TW-CP-R-01

The TW-CP-R-01 Taurus Wireless Manual Call Point (MCP) is a fully intelligent device which is compatible with all Taurus Translator and Expander Modules. The unit has a resettable plastic element, which displays a drop down warning indicator when operated. A key is supplied with the MCP for reset and case opening. The product is powered by two lithium CR123A batteries with a typical life of 10 years. A transparent cover protects against accidental operation, whilst a weatherproof enclosure is available for use outdoors or in hostile environments.

**WIRELESS MANUAL
CALL POINT**

PROTECTIVE CALL POINT COVER (ALCI)

The ALCI Protective Call Point Cover dramatically reduces both misuse and the risk of accidental activation making it ideal for sports halls, manufacturing and processing facilities, and other high-traffic areas. In addition, the Protective Call Point Cover ensures that two positive actions are required to activate the Call Point, making it suitable for territories where dual-activation is mandatory.
