

UNIVERSAL BASE RANGE

UB100 & UBR100

The Argus conventional UB base range is a low profile mounting base designed for all the Vega conventional and intelligent automatic detection devices. Its square cable clamps provide a secure and reliable cable termination. Only the bases marked S are supplied with a short clip which will provide continuity during a detector removal. The base layout is designed with multiple mounting positions for use with a variety of industry standard back tboxes.

KEY FEATURES

- Compatible with all Vega conventional devices
- Low Profile – 16 mm
- Quick cable connectivity
- Available in the following variants:

UB100 Universal Base

UBR100 Universal Base 1K Ohm Resistor

TECHNICAL SPECIFICATION

Dimensions	110mm x 16mm
Operating voltage range	10.5 – 30 V DC
Weight	50g
Temperature Range (no icing)	-10°C to +55°C
Max. humidity (non condensing)	95% RH
Cable size	0.5mm – 2.5mm
